This Confirmation constitutes a "**Confirmation**" as referred to in the ISDA Master Agreement specified below.

The definitions and provisions contained in the 2003 ISDA Credit Derivatives Definitions (without incorporating either the 2009 ISDA Credit Derivatives Definitions Committees and Auction Settlement Supplement to the 2003 ISDA Credit Derivatives Definitions published on 12 March 2009 or the 2009 ISDA Credit Derivatives Determinations Committees, Auction Settlement and Restructuring Supplement to the ISDA Credit Derivatives Definitions, published on 14 July 2009) (the "**2003 Definitions**"), as published by the International Swaps and Derivatives Association Inc., ("**ISDA**"), are incorporated into this Confirmation. In the event of any inconsistency between the 2003 Definitions and this Confirmation, this Confirmation will govern. In the event of any inconsistency between words and meanings defined in the other Transaction Documents and words and meanings defined in this Confirmation, this Confirmation will govern.

The Reference Register as of the Cut-Off Date is set out in Annex 4 (*Reference Register*) hereto.

On the Cut-Off Date, the Reference Obligations which are listed on the Reference Register are required to comply individually with the Eligibility Criteria and the Reference Portfolio is required to comply with the applicable criteria set forth in the Portfolio Guidelines.

The Eligibility Criteria are set out in full in Annex 1 (*Eligibility Criteria*) hereto.

Without limitation to Paragraph 14(c) (*Additional Representations and Agreements of the Parties*) below, the Buyer is not required to have an interest in, or exposure to, any Reference Obligation as at the Cut-Off Date and, if it holds, or has any exposure to, any Reference Obligation as at the Cut-Off Date, it is not obliged to retain or continue to hold, or to have an exposure to, any Reference Obligation after the Cut-Off Date.

Reference Register:

The Buyer shall maintain a register (the "**Reference Register**") specifying the information set out in Paragraph 10 (*Reference Register*) below. The Buyer will update the Reference Register on a monthly basis in order to reflect any Reduction/Removal or Substitutions resulting in changes to the Protected Reference Obligation Notional Amount of any Reference Obligation, the addition of new Reference Obligations or other change to the Reference Register details since the Cut-Off Date, or the date of the most recent monthly update, as the case may be.

lender or equivalent credit and collection policy and servicing principles.

In all cases, any credit, risk management, recovery process and/or enforcement decisions relating to the Reference Portfolio shall be taken by the Relevant Lender without regard to the existence of this Transaction and with a view of minimising losses and maximising recoveries on the relevant Reference Obligation.

The Buyer shall ensure that information barriers are put in place such that the officers of the Relevant Lender responsible for servicing the Reference Obligations in the Reference Portfolio shall not be aware of the Reference Obligations included in the Reference Portfolio and each Servicer shall therefore carry out its duties in relation to the Reference Portfolio without regard to the existence of this Transaction.

The Buyer shall promptly make available the Credit and Collection Policies to the Seller upon its request (acting reasonably).

Servicer:	The Relevant Lender or its agent acting on its behalf.

Reference Portfolio Notional Amount:	On any date, an amount equal to the sum of the Reference Obligation Notional Amount of each Reference Obligation comprising the Reference Portfolio on such date. For the avoidance of doubt, the Reference Obligation Notional Amount of each Non-Worked Out Reference Obligation is included in the Reference Portfolio Notional Amount.

Reference Obligation Notional Amount:	In respect of a Reference Obligation, the amount (denominated in Euro) designated by the Buyer in the Reference Register in respect of such Reference Obligation under the heading "RONA".

The Reference Obligation Notional Amount in respect of a Reference Obligation shall in all cases be no greater than the Relevant Lender's exposure to such Reference Obligation, such exposure as determined on the Relevant Date.

Following a Reduction/Removal of the Protected Reference Obligation Notional Amount in respect of a Reference Obligation, the Reference Obligation Notional Amount in respect of such Reference Obligation shall be reduced by an amount which is in the same proportion to the Reference Obligation Notional Amount as the amount such Reduction/Removal bears to the Protected Reference Obligation Notional Amount.

For the avoidance of doubt, the Reference Obligation Notional Amount shall not be subject to increase as a result of any amendment or refinancing that results in interest being capitalised.

Protected Reference
Obligation Notional Amount:

In respect of a Reference Obligation the amount (denominated in Euro) designated by the Buyer in the Reference Register in respect of such Reference Obligation under the heading "PRONA", **provided that** such amount shall be equal to 95% of the Reference Obligation Notional Amount of such Reference Obligation on the applicable Relevant Date, as adjusted pursuant to the terms of this Transaction.

Protected Reference Portfolio
Notional Amount:

On any date, the lesser of:

- (a) the Protected Reference Portfolio Amount; and
- (b) the sum of the Protected Reference Obligation Notional Amounts for all Reference Obligations in the Reference Portfolio on such date.

Reductions:

The Protected Reference Obligation Notional Amount of any Reference Obligation shall, as set out below, be reduced from time to time as follows (each such reduction, a "**Reduction/Removal**"):

- (a) in respect of a Reference Obligation which is not a Credit Line, in whole or in part (as applicable) to reflect any repayment, prepayment or amortisation in relation to the relevant Reference Obligation by an amount

which is in the same proportion to the Protected Reference Obligation Notional Amount of the Reference Obligation immediately prior to such repayment, prepayment or amortisation as the amount that such repayment, prepayment or amortisation bears to the outstanding principal amount of such Reference Obligation immediately prior to such repayment, prepayment or amortisation. For the avoidance of doubt, if a repayment or prepayment occurs in respect of a Reference Obligation which is a Credit Line, no such reduction shall occur;

- (b) in whole or in part (as applicable) to reflect any disposal by the Relevant Lender of all or part of its interest in the Reference Obligation in the ordinary course of its business to a third party which is not either (i) the Buyer, (ii) a credit institution (other than the Buyer) or a regulated lending institution (*establecimiento financiero de crédito*) which, in both cases, is part of the Banco Santander S.A. consolidated accounting group or (iii) a special purpose vehicle or other entity which is part of the Banco Santander S.A. consolidated accounting group by an amount which is in the same proportion to the Protected Reference Obligation Notional Amount of the Reference Obligation immediately prior to such disposal as the amount that such disposal bears to the outstanding principal amount of such Reference Obligation immediately prior to such disposal;
- (c) in whole if the relevant Reference Obligation ceases to be held on Banco Santander S.A.'s regulatory balance sheet as a result of the Relevant Lender no longer being consolidated with Banco Santander S.A. for the purpose of Article 11 of Regulation No 575/2013 of the European Parliament and of the Council of 26 June 2013 (the "CRR");
- (d) in respect of a Reference Obligation which is a Credit Line, in whole upon the cancellation in full of the commitment and

repayment of all outstanding amounts in respect of that Reference Obligation;

- (e) in respect of a Reference Obligation which is a Credit Line, in part if, following the occurrence of the Event Determination Date in respect of such Reference Obligation, the Defaulted Notional Amount is less than the Protected Reference Obligation Notional Amount for that Reference Obligation, by an amount equal to the amount by which the Protected Reference Obligation Notional Amount exceeds the Defaulted Notional Amount;
- (f) in whole if the relevant Reference Obligation is determined by the Buyer or the Independent Accountants to have been a False Addition;
- (g) in whole if the relevant Reference Obligation becomes a Worked Out Reference Obligation other than where the relevant Reference Obligation is a Cured Reference Obligation, **provided that** for the purpose of determining the Portfolio Amortisation Amount, the amount of such Reduction/Removal shall be deemed to be an amount equal to the Defaulted Notional Amount for such Reference Obligation *minus* the Worked Out Credit Protection Amount for such Reference Obligation;
- (h) at the option of the Buyer, in whole if, following the occurrence of an Event Determination Date in respect of such Reference Obligation, Buyer determines in a commercially reasonable manner and in good faith that any of sub-paragraphs (c), (d) or (e) (as applicable) of the Additional Condition to Settlement could not be satisfied in respect of that Reference Obligation;
- (i) in whole in respect of any Reference Obligation if a Credit Event occurred in respect of the relevant Reference Obligation prior to the Effective Date;
- (j) in whole or in part if, as a result of any amendment or refinancing, the Reference

Obligation becomes subject to a guarantee from the European Investment Bank, European Investment Fund or Instituto de Credito Oficial ("ICO") or, if such Reference Obligation was subject to such a guarantee when it was first included in the Reference Portfolio, such guarantee is extended to cover a previously unguaranteed portion of the Reference Obligation (and, where in part, such Reduction/Removal shall only occur in respect of the portion corresponding to such portion subject to the guarantee); and

- (k) at the option of the Buyer, in whole, if as a result of an amendment or refinancing, the final repayment date of the relevant Reference Obligation were to be extended beyond the Scheduled Termination Date.

If the Buyer becomes aware that the Reference Portfolio did not comply with the applicable Portfolio Guidelines on the Cut-Off Date, the Buyer shall select one or more Reference Obligations to be removed from the Reference Portfolio so as to cause the Reference Portfolio following such removal to be in compliance with the Portfolio Guidelines (and any such removal shall be a Reduction/Removal).

For the avoidance of doubt, the Buyer may not reduce or remove any Reference Obligations from the Reference Portfolio otherwise than in accordance with the foregoing.

Substitution of Ineligible Obligation:

If the Buyer becomes aware or the Seller determines that:

- (a) any Reference Obligation which formed part of the Reference Portfolio on the Effective Date did not comply with the Eligibility Criteria on the Cut-Off Date; or
- (b) any Substitution was effected without satisfying the Conditions to Substitution,

(each a "**False Addition**", and each such Reference Obligation, an "**Ineligible Obligation**"), then the Buyer or the Seller, as applicable, will, as soon as reasonably practicable, notify the other party of such False Addition. The parties acknowledge and agree that the Buyer may become aware of a False

Addition for these purposes pursuant to dealings with the Independent Accountants under the Letter Agreement in place at the relevant time subject to any dispute resolution and the other mechanisms therein.

If a Reference Obligation has been added/adjusted pursuant to a False Addition, then:

- (a) promptly following the date on which the Buyer became aware of such False Addition, the Buyer will remove the relevant Reference Obligation from the Reference Portfolio (and for the avoidance of doubt, such removal will constitute a Reduction/Removal);
- (b) on any Cash Settlement Date, the Buyer will have the right (but not the obligation) at its sole discretion (and acting in its own interests) to add, with effect from and including such date, one or more new Reference Obligations (including Reference Obligations with respect to new Reference Entities) to the Reference Register (each such addition, a "**Substitution**", each such Reference Obligation, a "**Substitute Obligation**", the Reference Obligation Notional Amount being added to the Reference Portfolio, the "**Substitute RONA**" and the Protected Reference Obligation Notional Amount being added to the Reference Portfolio, the "**Substitute PRONA**"), **provided that**, in respect of each Substitution, on the Relevant Date:
 - (i) the Substitute Obligation satisfied each of the Eligibility Criteria;
 - (ii) the aggregate Substitute RONA of each Substitute Obligation on the related Cash Settlement Date does not exceed the aggregate Reference Obligation Notional Amount of each Ineligible Obligation removed from the Reference Portfolio during the immediately preceding Calculation Period;
 - (iii) the weighted average PD of the Substitute Obligations on the related

Cash Settlement Date does not exceed the weighted average PD of the Ineligible Obligations removed from the Reference Portfolio during the immediately preceding Calculation Period;

(iv) either:

(A) the Portfolio Guidelines set out in Annex 2 (*Portfolio Guidelines*) hereto were satisfied in respect of all Substitutions on the Relevant Date in respect of such Substitution; or

(B) if the Portfolio Guidelines set out in sub-paragraph (iii) of the Portfolio Guidelines had been breached immediately prior to the relevant Substitution (after taking into account any Reduction/Removal on such Substitution Date) and such breach is continuing, (1) the weighted average life of all Reference Obligations which are the subject of the Substitution on that date is equal to or lower than 3.50 years and (2) all of the other Portfolio Guidelines set out in Annex 2 (*Portfolio Guidelines*) hereto were satisfied in respect of all Substitution Date on the Relevant Date including such Substitution (the "**PG Breach Exception**"); and

(v) the Buyer has annual individual and consolidated accounts for the last two accounting periods duly audited and the auditors' report in respect of the last accounting period does not contain any qualifications, which are relevant for the purposes of by article 17(a) of Law 5/2015,

(together, the "**Conditions to Substitution**"); and

- (c) no Credit Event Notice may be delivered with respect to such Reference Obligation.

Each day on which a Substitution is effected by the Buyer shall constitute a "**Substitution Date**".

Notwithstanding anything herein or in the Agreement to the contrary, any failure to satisfy the Conditions to Substitution will not comprise a breach of the Agreement or otherwise comprise a Potential Event of Default or an Event of Default (including, without limitation, under Section 5(a)(ii) of the Agreement) with respect to the Buyer and in the absence of fraud, will not entitle the Seller to claim any compensation, damages or any other equitable relief.

Other than the representation set out in Paragraph 14(i)(viii) (*Additional Representations and Agreements of the Parties*) below, the Buyer makes no representation whatsoever, express or implied, as to whether or not any Reference Obligation complies with the Conditions to Substitution on any date.

Amendment and Refinancing
of Reference Obligations:

Reference Obligations may, from time to time, be amended or refinanced by the Relevant Lender in accordance with its normal servicing practices for loans of that type, including, without limitation, increases of the principal amount, changes to the interest rate of the loan, changes to the borrower or an amendment made (or deemed to be made) as required to comply with applicable moratoria or similar events.

Such amendment or refinancing may include extending the final repayment date for such Reference Obligation **provided that** the final repayment date may not be extended beyond the Scheduled Termination Date except where such extension occurs as a result of (i) a Restructuring, or (ii) any payment holiday or moratorium which is either imposed by operation of law or pursuant to a General Moratorium, and **further provided that** any amendment or refinancing of any Reference Obligation in respect of which the Relevant Lender is a Securitisation Issuer shall be also subject to those restrictions and limitations (if any) applicable

under the transactions documents of the relevant Securitisation. Any such amendment may take the form of the cancellation or repayment of the existing Reference Obligation and its replacement with a new obligation of the same borrower or a different borrower.

Except as permitted in sub-paragraphs (j) and (k) under the heading "Reductions", an amended or refinanced Reference Obligation will remain in the Reference Portfolio without being required to satisfy the Eligibility Criteria or Portfolio Guidelines at that time.

Where, pursuant to a refinancing, two or more Reference Obligations are consolidated into one new obligation, including where such new obligation has a different borrower, such new obligation shall be a new Reference Obligation and shall remain in the Reference Portfolio and the Reference Obligation Notional Amount and the Protected Reference Obligation Notional Amount of such new Reference Obligation shall be equal to the aggregate Reference Obligation Notional Amounts and the aggregate Protected Reference Obligation Notional Amounts of the Reference Obligations being consolidated immediately prior to the refinancing.

Where, pursuant to a refinancing, one Reference Obligation is split into two or more new obligations, including where such new obligations have a different borrower, each such new obligation shall be a new Reference Obligation and shall remain in the Reference Portfolio and the sum of the Reference Obligation Notional Amounts and the sum of the Protected Reference Obligation Notional Amounts of such new Reference Obligations shall be equal to the Reference Obligation Notional Amount and the Protected Reference Obligation Notional Amount, as applicable, of the Reference Obligation being split immediately prior to the refinancing.

Where, pursuant to a refinancing, the principal amount of the Reference Obligation to which the Relevant Lender is exposed is increased, such Reference Obligation shall remain in the Reference Portfolio and the Reference Obligation Notional Amount and the Protected Reference Obligation Notional Amount of such new Reference Obligation

shall be equal to those immediately prior to the refinancing.

For the avoidance of doubt, an amendment or refinancing which constitutes or gives rise to a Restructuring Credit Event will be settled in accordance with the Settlement Method.

General Moratorium:

Means:

- (a) a general payment moratorium which:
 - (i) is based on the applicable national law or is otherwise agreed to by the Relevant Lender in the context of an industry- or sector-wide moratorium scheme agreed or coordinated within the banking industry or a material part thereof; and
 - (ii) applies to a large group of obligors predefined on the basis of broad criteria; and
 - (iii) envisages only changes to the schedule of payments for a predefined limited period of time; and
 - (iv) offers the same conditions for the changes of the payment schedules to all exposures subject to the moratorium; and
 - (v) does not apply to new loan contracts granted after the date when the moratorium was announced; and/or
- (b) any other moratoria on loan repayments which is implemented as a result of any regulation, guidelines or statements published by the EBA from time to time relevant to general moratoria on loan repayments (including, without limitation, the Reference Obligations), including any such regulations, guidelines or statements that lead to a re-interpretation of the payment moratorium described in (a) above.

Designation of Optional Termination Date:

If a Regulatory Event, a Significant Risk Transfer Failure Event, a Clean-up Event or a Time Call Event occurs, **provided that** an Initial Termination Date or the Final Exhaustion Date has not already occurred, the Buyer may, by not less than 15 Business Days' written notice to the Seller (the "**Optional Termination Notice**") designate a Cash Settlement Date as the Optional Termination Date in respect of the Transaction **provided that**, in the case of a Time Call Event, the Buyer shall have first notified its competent authority of its intention to designate an Optional Termination Date and provided its competent authority with an analysis

showing that it is not exercising this termination right to avoid allocating losses to the Protected Tranche Amount or otherwise due to a deterioration in the quality of the Reference Obligations. For the avoidance of doubt, the Buyer is not required to obtain the prior approval of its competent authority to the exercise by it of this termination right.

At any time following the designation of an Optional Termination Date by the Buyer, the Buyer may, acting in its sole discretion, waive its right to deliver any further Credit Event Notices or Potential Credit Event Notices by delivering a notice in writing to this effect to the Seller and the Management Company (the "**Waiver Notice**"). If a Credit Event occurs, the Notifying Party shall deliver a Credit Event Notice."

Notwithstanding Section 3.2(b) of the 2003 Definitions, the Credit Event Notice Condition to Settlement may only be satisfied by the delivery during the Notice Delivery Period by the Notifying Party to the Seller of a Credit Event Notice.

provided that, where the Independent Accountants require the Seller and/or the Management Company to enter into a hold harmless arrangement substantially in the form agreed between the Seller and the Buyer prior to the execution of this Transaction as a condition to the Seller or the Management Company (as applicable) receiving the Accountants' Notice and the Seller or the Management Company (as applicable) fails to enter into such arrangements, this Additional Condition to Settlement shall be deemed to have been satisfied by

delivery of the Accountants' Notice to the other recipients only.

The Accountants' Notice delivered to the Seller and the Buyer shall be conclusive and binding for all purposes, absent manifest error.

Other than where a Reference Obligation is a Cured Reference Obligation, the Conditions to Settlement may (subject as provided below) only be satisfied once in relation to each Reference Obligation. However, the Conditions to Settlement can be satisfied more than once in relation to the Reference Portfolio and the Transaction. For the avoidance of doubt, the Buyer may deliver a Credit Event Notice in relation to a Cured Reference Obligation (where the relevant cure relates to a previous, separate event).

If the Conditions to Settlement are satisfied for a Reference Obligation, such Reference Obligation shall be removed from the Reference Portfolio on becoming a Worked Out Reference Obligation, except in respect of a Failure to Pay Credit Event where, upon becoming a Worked Out Reference Obligation, the Reference Obligation was a Cured Reference Obligation.

The information we have used is included in a data file named “[•]” (hereinafter the “Reference Register”) made and provided by [•] and which characteristics are the following:

	Reference Date		
	Number of Original RO ID	Protected Reference Obligation Notional Amount (PRONA) (€)	Initial Credit Protection Amount (€)
Loans (or Reference Obligations)	[•]	[•]	[•]

Words and expressions used but not otherwise defined herein shall have the meanings ascribed to them in the Contract.

Our work has been the following:

1. Prior to the Work-Out Completion Date

- (a) The Buyer will, from time to time, procure that we randomly select, from all Reference Obligations in respect of which an Initial Credit Protection Amount which is less than or equal to EUR 600,000 has been determined since the last time they made such a selection (or, in the case of the initial selection, since the Effective Date) (an "Initial Batch"), at least five per cent of such Reference Obligations to be Initial Verifiable Reference Obligations.
- (b) Notwithstanding the above, in respect of a Determined Reference Obligation, the Seller may at any time on or prior to the Calculation Date immediately following the applicable Event Determination Date (if so instructed by the Management Company in accordance with the Conditions of the Notes), request that such Determined Reference Obligation be an Initial Verifiable Reference Obligation.

From the aforementioned Reference Portfolio included in the Reference Register we have selected the Reference Obligations in respect of which the column named Credit Event (Y/N) indicates “Y” and which column named Event Notification Date indicates either “[•]”, “[•]” or “[•]” and which detail is the following:

Number of Original RO ID	Initial Credit Protection Amount (€)	Protected Reference Obligation Notional Amount (Credit Event PRONA) (€)
[•]	[•]	[•]

We have selected:

- i) The Reference Obligations which amount contained in the column named Initial

Credit Protection Amount is greater than 600,000€ and

- ii) a random sample of at least the 5% of the rest of the Reference Obligations which amount contained in the column named Initial Credit Protection Amount is less than or equal to 600,000€ which has been determined since the last time we made a selection and
- iii) any particular Reference Obligation informed by the Calculation Agent or the Buyer to us (including the ones selected by the Fund or its investors and communicated to the Calculation Agent or the Buyer).

The characteristics of the random sample (detailed in the Appendix) is the following:

Number of Original RO ID	Initial Credit Protection Amount (€)	Protected Reference Obligation Notional Amount (Credit Event PRONA) (€)
[•]	[•]	[•]

For the selected sample, in respect of each Initial Verifiable Reference Obligation, we have verified the following:

The Calculation Agent has provided us the Reference Register with the following columns related to the Credit Event occurrence:

We have verified that if the column named “Credit Event (Y/N)” indicates "Y", then the column named “Credit event type” indicates either "Bankruptcy", "Restructuring" or "Failure to pay" and the columns “Credit Event Date” and “Event Notification Date” indicate a specific date. We found [no] exceptions.

We found [no] exceptions.

- c) Verification that the Defaulted Notional Amount on the Event Determination Date was not greater than 95% of the aggregate outstanding principal amount of the Reference Obligation to which the Relevant Lender is exposed on the Event Determination Date.
- i. if such Reference Obligation is not a Credit Line, 95% of the outstanding principal balance of the Reference Obligation to which the Relevant Lender is exposed; or
 - ii. if such Reference Obligation is a Credit Line, 95% of the commitment limit to which the Relevant Lender is exposed:

The Calculation Agent has provided us the Reference Register with the following columns related to the Defaulted Notional Amount:

- PRONA (Protected Obligation Notional Amount)
- RONA (Reference Obligation Notional Amount)

We have verified that the amount indicated in the column named "PRONA" is not higher than 95% of the amount indicated in the column "RONA".
