### 23. Glossary

<b>POOL CUT-OFF DATE</b>	means the date in which the Gestora will carry out the necessary calculations, on behalf of the Fund, for the distribution of the available funds at this date, according with the Order of Priority of Payments. All the information regarding the Assets (Outstanding Balance, Arrears' tables, Stratification tables, etc.) are referred to this mentioned date.
<b>CUMULATIVE LOSS RATIO</b>	means the ratio between: (i) the aggregate Defaulted Amount of all Receivables that have become Defaulted Receivables between the Date of Incorporation until the end of the corresponding Determination Period, reduced by the amount of Principal Recoveries (including the total Outstanding Balance of those Defaulted Receivables without any material credit obligation (amount of principal, interest or fee) which is past due more than 90 consecutive calendar days , and those where the relevant Borrower is no longer considered unlikely to pay) during such period in respect of such Receivables; and  (ii) the sum of (a) the Outstanding Balance of the Receivables as of the Date of Incorporation and (b) the Outstanding Balance of all the Additional Receivables on the date of their respective assignment.
<b>DEFAULTED RECEIVABLES</b>	Incorporation, the Receivables arising from Loans in respect of which: (i) there is or there has been any material credit obligation (including any amount of principal, interest or fee) which is past due more than 90 consecutive calendar days[1]; or (ii) the Servicer, in accordance with the Servicing Policies, considers or has considered that the relevant Borrower is unlikely to pay the instalments under the Loans as they fall due. For the avoidance of doubt, once a Receivable has been classified as a Defaulted Receivable, it will remain classified as such.
<b>PRINCIPAL RECOVERIES</b>	means any recoveries of principal received in respect of a Defaulted Receivable up to an amount equal to the notional Outstanding Balance of such Defaulted Receivable.
